OTHER HEIGHTS OF LIFE AND EXPERIENCES

- Developed and **co-founded** a "Humour" sharing platform www.dozoff.com Used an open source python stack in the Backend and Frontend using JavaScript, JQuery, HTML, CSS. **Dozoff** is a community for fun which is open for all. With the intention to make everyone laugh everyday, we have taken the first step to create a platform where anyone can share their funny images or memes with the entire world. With that said, no more closed groups and no more feeling lonely as **Dozoff** is gonna be your "Stress buster".
- Co-founded and running Question and Answer Community for sports enthusiast. thenextsports.com Initially **TNS** was developed as a resume builder using an open stack which eventually turned into a Q and A site for which numbers are small but visits are coming from over 50 countries. TNS taught us about key factors of SEO and Google's way of indexing content. **TNS** hosted on AWS EC2.
- Have attended various hackathon and start-up event likes **IN50HRS**, **Unpluggd**, **Stack overflow** and **TechCrunch** Hackathon Bangalore.
